To whom it may concern,

Please accept this as my submission to the TGA for **strongly supporting Option 1 – Keep homeopathy regulated the way it is.**

Myself, my partner and our 16 month old son only use homeopathic medicines and natural therapies. Our son has not needed to see a general practitioner and the two colds that he has had has been treated with homeopathic medicine. He is immunised homeopathically also and is a picture of health.

I strongly oppose Option 3 – Exempt homeopathy from listing, and Option 4 – Declare homeopathic products NOT to be therapeutic goods.

Thank you
